

TotalView™

4 Channel Wireless Recording System

Wireless System Overview:

Our premium wireless DVR monitor system includes up to 4 high-resolution cameras for exceptional image quality. Our high-resolution 7" monitor can record and display up to four cameras simultaneously for a full 360° view. Single-wire camera hookup eliminates complex cable routing and digital wireless transmission ensures picture clarity without interference. Powerful IR LEDs on each camera ensure illumination in total darkness up to 72ft. Enjoy trouble free performance backed by a 2-year warranty.
