Harnesses

OUR SERVICES

We provide wire harness and cable assemblies custom built to suit each client and project. We offer in-house design and full manufacturing services from concept to final assembly of your harness to exact specifications. From custom over braiding to ultra-sonic welding, we utilize the latest technology to ensure consistent quality and rock solid integrity.

KOHLTECH HARNESS SOLUTIONS

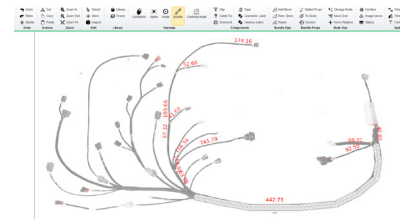

WIRE BRAIDING

With 8x the abrasion resistance of standard loom, PVC braiding adds additional protection including resistance to chemicals such as DEF fluid.

ULTRA-SONIC WELDING

Never lose a connection with our extremely durable ultra-sonic welded connections. Proven to be the most durable connection in the industry.

CUSTOM DESIGNS

We can design a harness solution to meet virtually any need as well as reverse engineer an existing harness and provide a more durable replacement.
